To,

GAYO ETech Electrical Solutions

Subject: Recommendation Letter

Kind Attn.: Mr. Gauravi Burte Kulkarni

Dear Madam,

Considering your request, we hereby state that your firm have been associated with us since January 2022 and we are pleased to mention that till date, you have been involved in various works associated with our Automated Solid Waste Management System across our various projects in India.

Some of these works briefly includes supply and installation of Control Panels (PLC based), laying of cable tray including fitment and field connection, integration of Allen Bradley PLC or Schneider PLC with beckhoff system as well as programming. The performance exhibited during the AMC of Organic Waste Composter (OWC – 1T) machine and during repair of conveyor belt is also commendable.

Apart from the timely performance as per the Contract, the exceptional standard of Quality exemplifies your expertise on the works carried out and that too within best competitive prices. These factors give us strong belief on depending on you for not only above gist of works but also on your further developing expertise for our future projects.

Through this letter, we also strongly recommend other Clients to consider your services for their existing and future projects. Hence, we give you liberty to use this letter, for any of your bidding process and wish you further success and growth.

Regards,

Yours Sincerely

For ENVAC ENVIRONMENTAL TECHNOLOGY PVT. LTD.
